SSN School of Management & Computer Applications (SSN College of Engineering)

Presents

PYWEB '12

“PYthon for the Web”

Two-day Faculty Development Programme

February 17-18, 2012

***“Thinkers or doers? We nurture
them both”***

Leadership Learning Center

The Leadership Learning Center (LLC) is a forum established by the SSN School of Management & Computer Applications to develop and nurture the managerial and technical skills of computer professionals. As part of this initiative, the center conducts programs/workshops on emerging technologies in management and computer applications.

About PYWEB '12

In recent times, Free Open Source Software (FOSS) has made great impact on the working style of the computing world. It has slowly and steadily emerged as a strong alternative to the proprietary software. Python is one of those technologies driving FOSS.

Python is an interpreted, purely object-oriented high-level programming language that is considered today as a powerful server-side scripting language for the Web. Its syntax, rules and elegant design make it readable even among multiprogrammer development teams. One of the advantages of python is the readability of code, and its resulting scalability to large projects. It provides dynamic semantics and rapid prototyping capabilities. The aim of the workshop is to actively promote the use of python programming among academicians and promote python as a tool for the development of Web applications. This workshop provides hands on training on python programming and will help the participants to master the use of Python especially for the Web.

SSN SoMCA

SSN School of Management & Computer Applications (SSN SoMCA) is an institution established with the objective of nurturing a powerful resource base of managerial talent and computer applications specialists.

The institution, well acknowledged in the academic world and industry, is founded by Dr. Padma Bhushan Shiv Nadar, Chairman - HCL Tech. Ltd., a pioneer in the field of Information Technology in India.

SSNSoMCA is a constituent of the SSN College of Engineering (SSNCE), affiliated to the Anna University, Chennai, and has the approval of All India Council for Technical Education (AICTE), New Delhi. The institution is NAAC accredited. Within a short span of time, the institution has made rapid strides towards establishing reputed MCA and MBA programs, with wide acceptance from the industry.

Located in a 250-acre idyllic campus on the Old Mahabalipuram Road, the IT Corridor of Chennai, SSN SoMCA offers an aesthetic ambience for learning.

The campus is well equipped with all necessary infrastructure and wi-fi enabled to enhance the learning process of students.

PYWEB '12

February 17-18, 2012

REGISTRATION FORM

Name :
Male/Female :
Designation :
Institution / Organization :
Address for Communication :

City : Pin :
Phone with STD Code :
Mobile :
Email :
Accommodation required : Yes / No

COURSE FEE PARTICULARS (Rs.750/- per participant for Academia and Rs.1000/- for Industry)

Demand Draft No _____ Date _____ Amount _____

(DD should be drawn in favour of "SSN Trust" Payable at Chennai)

Name and Address of the Bank on which the DD drawn _____

Date :

Signature of Participant

DECLARATION

This is to certify that Prof/Dr/Mr/Ms. _____ is an employee of our institution/organization and is sponsored to attend the two-day FDP conducted by SSN School of Management & Computer Applications during Feb 17-18, 2012.

Signature of Head of the Institution
with office seal and date

IMPORTANT DATES:

Last date of receipt of registration form along with DD : 10 Feb, 2012

Notification of selected participants through e-mail : 13 Feb, 2012

On the spot registration (limited to ten participants)

Note : a) Hostel Accommodation will be provided on payment of Rs. 200 (two days). Payment can be done in person

b) Candidates registered for the FDP can use the college bus facility. Bus routes would be available in our college website www.ssn.edu.in three days prior to the start of the FDP

Please return the complete form duly filled in :
